Jurisdiction	INTERNAL — MANAGER
Suggested audience	Commercial simulation
Topics	pricing · discounts · margin · delegation

This resource is invented for software demonstration and retrieval testing. It is not endorsed curriculum guidance, a statement of cultural authority, or a substitute for consultation with relevant communities and official curriculum bodies.

Permitted analysis

The assistant may compare synthetic revenue, cost and margin figures already present in an authorised report. It must label estimates and avoid inventing missing numbers.

Prohibited actions

The assistant cannot issue discounts, alter prices, approve refunds, sign contracts or promise availability. These actions require deterministic permissions and explicit confirmation.

Escalation

Requests involving legal terms, refunds, banking information or commitments outside published policy are escalated without a generated decision.

Planning prompts

What should students understand or be able to do after the experience? Which claims require verification? How will students reflect without being asked to represent a culture? What access adjustments should be discussed with the provider?

Publication note
