Program snapshot

Journey Through India is a 50-minute in-person or virtual program exploring Indian culture through selected classical and Bollywood dance traditions.

Learning possibilities

Students observe gesture, facial expression, rhythm and narrative. Discussion should acknowledge the diversity of Indian languages, regions, religions and artistic traditions.

Creative response

Students may create a short movement phrase using general ideas of level, direction and expression rather than copying culturally specific gestures without explanation.

Planning prompts

What should students understand or be able to do after the experience? Which claims require verification? How will students reflect without being asked to represent a culture? What access adjustments should be discussed with the provider?
