

Queensland Year 5 Humanities: Communities and Cultural Change

Jurisdiction	QLD
Suggested audience	Year 5
Topics	humanities · community · continuity · change

This resource is invented for software demonstration and retrieval testing. It is not endorsed curriculum guidance, a statement of cultural authority, or a substitute for consultation with relevant communities and official curriculum bodies.

Key idea

Communities maintain traditions while also responding to migration, technology, environment and generational change. Students should look for both continuity and diversity within cultural groups.

Inquiry activity

Create a timeline using only evidence supplied in the workshop and approved sources. Mark examples of continuity and change, then annotate where further evidence would be needed.

Avoiding generalisations

Replace statements such as all people in a culture do this with evidence-based language such as the presenter described this practice in their community or family.

Planning prompts

What should students understand or be able to do after the experience? Which claims require verification? How will students reflect without being asked to represent a culture? What access adjustments should be discussed with the provider?

Publication note

Version: demo-2026.08 · Review status: synthetic and approved for local MVP testing only · Do not publish as factual curriculum advice.
