

Victoria Year 5 Arts: Cultural Expression Guide

Jurisdiction	VIC
Suggested audience	Year 5–6
Topics	music · dance · visual arts · Victoria

This resource is invented for software demonstration and retrieval testing. It is not endorsed curriculum guidance, a statement of cultural authority, or a substitute for consultation with relevant communities and official curriculum bodies.

Learning focus

Students explore how artists communicate identity, place and community through movement, sound, image and story. They compare artistic choices and create a response using an agreed set of respectful protocols.

Suggested sequence

Listen or observe closely, identify repeated patterns, discuss the cultural context supplied by the presenter, then compose a short group response. Students explain how one artistic choice contributes to meaning.

Evidence of learning

Look for accurate use of arts vocabulary, careful observation, acknowledgement of cultural context and the ability to explain rather than simply describe an artistic choice.

Planning prompts

What should students understand or be able to do after the experience? Which claims require verification? How will students reflect without being asked to represent a culture? What access adjustments should be discussed with the provider?
